The Sault College of Applied Arts and Technology ("Sault College") is a provincial community college offering educational programs and upgrading to the accessing communities. Sault College is considered a Non-profit Schedule III Agency of the Ontario provincial government.

## 1. Significant accounting policies:

(a) Revenue recognition:

---

## 1. Significant accounting policies (continued):

### (e) Capital assets:

Purchased capital assets are recorded at cost. Contributed capital assets are recorded at fair market value at the date of contribution. Amortization is provided on a straight-line basis over the estimated useful lives as follows:

Category	Years
Buildings	40.0
Site improvements	12.5
Equipment and vehicles	5.0
Furniture and fixtures	5.0
Computer equipment	5.0
Aircraft	10.0

---

### (f) Employment related obligations:

Employment related obligations, which include vacation pay, certain pension and post employment benefits and sick leave benefits, are accrued. The College is liable to pay 50% of certain faculty members' accumulated sick leave credits on termination or retirement after ten years service.

### (g) Use of estimates:

The preparation of the financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates.

## **2. Change in accounting policy:**

During 2006, the College changed its policy for recognizing tuition fee revenue. Previously the College recorded tuition fee revenue at the beginning of each semester. Tuition fee revenue is now recognized over the number of teaching days which occurs during the fiscal year. The change has been applied retroactively and has decreased the unrestricted operating net assets at the beginning of 2006 as previously reported by \$646,675 representing an increase in deferred tuition fees of the same amount. This change has also had the effect of increasing tuition fee revenue in 2005 by \$70,379 over that previously reported from what would have been recognized under the former policy.

## **3. Sinking fund investment:**

The sinking fund investment consists of Ontario Hydro debenture coupons with a yield to maturity of 9.26%, which will mature in the year 2012 at \$4,100,000. This sinking fund investment is a restricted asset to be used to retire the student residence building mortgage at maturity.

## **10. Internally restricted net assets:**

The Ministry of Training Colleges and Universities established a policy limiting the amount of unrestricted net assets of individual colleges. In implementing this policy, the Ministry may require the College to allocate funds for specific purposes. At March 31, 2006, Sault College did not contravene this policy.

Sault College appropriates amounts from unrestricted net assets to cover anticipated future operating expenditures. The actual costs are recorded as operating expenditures in the year in which they are incurred.

By resolution of the Board of Governors, accumulated appropriations from unrestricted net assets balance at March 31, 2006 have been made to the Joint Employment Stability Reserve Fund in the amount of \$ 187,683.

## **11. Pension plans:**

Full time employees are participants in the multi-employer contributory retirement pension plans administered by the Board of Trustees of the CAAT Pension Plan. These plans are defined benefit plans, which specify the amount of the retirement benefit to be receivable by the employees based on length of service and rates of pay. The College makes contributions to these plans equal to those of the employees. Employer contributions amounted to \$1,478,792 (2005 - \$1,487,043).

## **12. Financial instruments:**

The College's financial instruments consist of cash, temporary investments, accounts receivable, grants and reimbursements receivable, accounts payable, payable to the Ministry of Training, Colleges and Universities and capital leases. It is management's opinion that the carrying values of these financial instruments approximate the market values.

The College intends to hold the sinking fund investment until maturity in order to fund the retirement of the mortgage. The fair values of the sinking fund investment and the mortgage are presented in note 2.
